NEW RELEASE for Matlab and Octave! 28-Feb-2018

The Tag Tools Team are happy to announce the latest release of the Tag Tools for Matlab and Octave. The 28-Feb-2018 release contains NEW and UPDATED tools for Matlab and Octave. The most current R version can always be found on github:

<https://github.com/stacyderuiter/TagTools/tree/master/R/tagtools>. The latest tools are available through the Animal Tags website (www.animaltags.org), or you can follow the quick links below.

The entire toolbox can be downloaded here:

(http://www.animaltags.org/lib/exe/fetch.php?media=tagwiki:tools_20180228:toolbox:20180228_matlab_octave_tagtools.zip) A toolbox inventory and changelog can be downloaded here, changes are highlighted in red:

A big thank you to James Fahlbusch for bringing several bugs in the Statistics toolbox to our attention. If you find bugs, or want to make suggestions for improving tools please contact the us at: bugs@animaltags.org

Keep smiling, Mark, Stacy, Tiago, René and Catriona
